Spring is approaching; and already the live Merchant is laying in his stock. Prospective buyers, ever mindful that it's the early bird that catcheth the worm, will be on the lookout for their needs when the season opens.

This is particularly so with reference to Farmers and Gardeners, who will need Agricultural Implements, Hoes, Rakes and Spades, as well as Seeds for the farm and for the garden.

If you are interested in these lines, there's no better time than the present to let the Farmers and Gardeners know it through the columns of THE LEADER.

When the water is high many landings are covered and it is impossible to do any business, and many of the river roads are submerged so that farmers and others cannot get to and from the landings. After the flood subsides the banks and shores are covered with mud, so that the handling of freight is no easy task. The steamboats have no bed of rocks during high water.

A \$20,000 damage suit was filed at Newport Tuesday by Mrs. Ellen J. Gribben, Administratrix of the estate of W. J. Gribben, against the Memphis and Cincinnati Packet Company, makers of the steamer W. J. Gribben, which was on board the steamer New South, which carried an excursion to this city last summer, and on its return trip, through the carelessness of the boat's crew, the boat was run ashore and young Gribben was knocked out into the river and drowned, whereupon the company's attorneys carried away the body of the deceased, leaving the above-named sum.

The damages from the flood along the Kanawha are much larger than expected. It was learned that, besides carrying away the Black Cat Tiptoe, damaging the Raymond Tiptoe and Winifrede Tiptoe and carrying away the fleet of the Winifrede Coal Company, it knocked down the Belmont Coal Company's tiptoe and carried away its fleet. A coalbarge party loaded, belonging to the Huntington and St. Louis Towboat Company was lost, and three empty barges, two of which belonged to Captain T. J. Hall, were carried away by the flood. The flood did not carry away the Marnet-Smith's tiptoe, but knocked out the incline which supported the tiptoe. It will take ten days or two weeks to repair the damage, which is estimated at from \$1,500 to \$2,500.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one cure for deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also cases out of ten are caused by deafness, which is nothing but an inflamed condition of the mucous surface of the Eustachian Tube.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

THE NEW LAW.

"Outage Bill" Will Save Mayville Distillers Thousands of Dollars.

Deputy United States Internal Revenue Collector Davis received notice yesterday from Collector Roberts which brings welcome news to Mayville distillers.

Heretofore distillers or holders have been subject to great loss in evaporation of liquors after being gauged four years following the goods leaving the vats.

In some cases the loss before sale was \$5.00 on the barrel.

The new ruling allows an additional three years for gauging, fixing the time at seven years, after placing the spirits in barrels.

The notice follows:

Special Collector Internal Revenue, Mayville: Internal distillers and exporters to re-gauge on or before the 1st day of January, 1900, each four months may be made during addition of the time allowed by the Revenue for spirits warehoused prior to March 23, 1892, must be made prior to March 23, 1900.

R. J. ROBERTS, Collector.

The ruling will save distillers in Mayville thousands of dollars each year.

It is estimated that the average time from four to seven years and the allowance for loss of said liquors and evaporation from nine gallons for four years to thirteen and one-half gallons for seven years.

The Value Placed on the Ohio River Bed is \$17,000 Per Acre.

Judge Brown of Newport rendered Monday a decision which is probably without parallel or precedent.

He fixed the price of certain river-bed land at the enormous figure of \$17,000 an acre.

The decision was rendered in Alexandria, and was couched in the following language:

Were it not for the fact that the city of Cincinnati is building the immense structure known as the locks, the banks of the river to attempt would have been made to appropriate the ground. The Court is of the opinion that either the city of Cincinnati or the city of Cincinnati is entitled to a present of said ground, or ought to fix the price at such an amount as would give it a present of such individuals to appropriate in it. It is, therefore, the opinion of the Court that the said land within the boundary in the application is valued at \$17,000 per acre.

For some time the Cincinnati Water-works Trustees have been endeavoring to secure 100 acres of the river bed land from Campbell county for intake pipe purposes.

As the season of the year when pneumonia, grippe, sore throat, coughs, colds, catarrh, bronchitis and lung troubles are to be regarded against, nothing is a fine substitute, "will answer the purpose," or is "just as good" as One Minute Cough Cure. That is the one infallible remedy for all lung, throat or bronchitis troubles. Insist vigorously upon having it if "something else" is offered you.

Carpetings

FOR SPRING

We have the exclusive control here of a large manufacturer's output, embracing fully one hundred different patterns in Tapestries, Brussels, Mergues, Velvets and Ingrains. After long and careful consideration we have adopted this method of Carpet selling for two reasons. First, we can give you a selection in point of quantity, quality and artistic design the Cincinnati markets cannot rival, as impossibility under other conditions, as we have not the room to carry such an enormous stock as our selection here represents. Secondly, we can sell cheaper, much cheaper, than under the old method, as the factory carries out stock for us, and we need not reckoning of profit-clipping, remnants and unpopular patterns. Entering upon this different arrangement in our Carpet business there are three points in which we determine to excel:

PRIVATE PATTERNS, HIGH-GRADE GOODS AT LOW PRICES, CARPET MAKING.

Think over what this means. First, you need not cover your floor with hackneyed patterns. On the contrary exclusive and fresh designs are at your disposal. Secondly, you need pay no more for the same than poorer grades cost elsewhere. Third when the carpet making is entrusted to us we will have all carpets machine-stitched; bordered carpets will be faultlessly mitered and sized. No ripped seams, no pucker corners, the cost no more. We solicit your patronage on this basis. Orders can be filled within twenty-four hours. Come in and look over our line.

TENTH IMMUNES.

Colored Troops Showed Ill Temper as Soon as Mustered Out at Macon, Ga.

INDISCRIMINATE FIRING FROM CARS.

Luckily Only One Person, a White Boy, Was Hurt, His Arm Being Shattered by a Ball.

At Griffin, Ga., One Company of Militia Was Called Out The Guns in the Hands of Determined Men Aired the Negroes.

ATLANTA, Ga., March 9.—The 10th Immunes, colored, Col. Jones, who were mustered out at Macon, Wednesday began to show their ill temper as the train bearing the Negroes home began to move out from Macon. Producing revolvers and other arms, which they in some way managed to smuggle with them, they began firing from the windows and doors of the train in every direction as the train sped on an passers-by were compelled to seek shelter. Luckily only one person was shot in Macon, Will Goodyear, a 16-year-old white boy, whose arm was fractured by a ball. As the train passed the various stations on the road the riot was renewed, shots being fired from the train at the people standing on the platforms to see the train go by.

At Griffin, Ga., where the section of the train stopped at 2:30 Thursday afternoon, occurred the most serious trouble of the day. The regiment came over the Central Georgia railroad from the section. When the train stopped at Griffin, the Negroes who, by this time, had filled up on whiskey, began firing their pistols and yelling like Indians. About 500 shots were fired and the police were powerless to resist. The city was in the mercy of the Negroes, who kept up a fusillade of shots until the train was carried beyond the city limits. The noise of the outrageous commotion spread rapidly over Griffin and it was determined that the next section of the regiment should be held in check.

Mayor Davis ordered on the Griffin rifles on his own responsibility. There was no time to lose. In addition to the militia the mayor deputized nearly a hundred citizens to assist the officers in preserving the peace and protecting the city. About 2:45 the second section came in sight and about the roar of the train could be heard the rattle of the firearms which were being discharged indiscriminately. When the train came to a standstill, the Negroes saw 200 heavily armed men who commanded them to keep quiet. The Negroes were awed and with a few exceptions were as docile as lambs. To those who proved fractious cracked heads were administered. When the train pulled out from the depot and the Negroes thought they were out of reach of the citizens, they began firing at homes. At the first shot a volley was poured into the disappearing train by the citizens and militia. Unfortunately George Agee, a trainman, was shot in the abdomen and fatally wounded and one Negro was clipped on the shoulder by a bullet.

As the several sections came into the Union depot here they were met by the police reserve, heavily armed. The Negroes were evidently awed and gave the police no trouble. The 10th was recruited from all parts of the country. The Negroes for the most part, however, are from North Carolina, Georgia, Virginia, Kentucky and Tennessee. Nearly all of them were sent out of Atlanta to their destinations before the night was over.

THE RICHEST GOLD ORE.

Sensational Strike of Gold Made in the State of Washington. One Assays \$18,987 to the Ton Found.

SPOKANE, Wash., March 9.—The richest gold ore yet found in Republic came on the Colville reservation, was discovered in the Flag Hill claim Wednesday. Telluride ore was encountered in the shaft at a depth of 30 feet, which assays \$18,987 per ton. A sensational strike of gold ore has also been made in the Bunker Hill mine on Palmer mountain in Okanagan county. The ore of the tunnel is not only remarkably rich ore, and from 60 pounds of rock taken from the waste dump and pounded out in a hand mortar, it assays of gold was taken.

Roman Segmental Tube Wire Gun Tested. READING, Pa., March 9.—A preliminary test of the new Roman segmental tube wire gun was made Wednesday at the proving grounds near Birdsboro, Pa. McNulty of the ordnance department conducted the test. Three shots were fired and the gun worked satisfactorily. The official test will be fired Thursday when 100 shots will be fired.

The 12th New York Ordered Home. WASHINGTON, March 9.—The 12th New York infantry has been ordered home from Matanzas for muster out.

CORPSES MUTILATED.

The Chinese Troops Suffered a Defeat in a Fierce Battle With Rebels—Streams Clogged With Dead Bodies.

VICTORIA, B. C., March 9.—The steamer Empress of India has arrived with late orientals' advices. Among the reports brought over is one to the effect that the rebels defeated the imperial troops near Ku-Yang late in January. Hundreds of imperial soldiers were killed, and after being mutilated, the bodies were thrown into the river, damming it.

Afterward the rebels took the cities of Ku-Yang and Meng-sheng, massacring many of the inhabitants and burning the towns. Kau-Chon was also taken and about 200 defenseless people were slaughtered.

All crops have been left standing by the terrified natives, and a great famine is feared. Much destruction is reported in the more remote sections.

TAKING OF THE NEXT CENSUS.

A Host of Applicants for Positions—Director Merriam Announces That Applicants Must Be Examined.

WASHINGTON, March 9.—Ex-Gov. Merriam of Missouri, director of the census, was busily engaged at the temporary offices at the census Wednesday going over preliminary matters. There was a host of applicants for places, but few of these had personal interviews. Many applications have been filed, but it will be impossible to give them consideration for a considerable period.

Director Merriam furthermore made the announcement Wednesday that these appointments must be preceded by an examination. Assistant Director Fred H. Wines is en route to Washington and Thursday will have a conference with Gov. Merriam looking to preliminary plans.

One Killed and Five Injured.

BLUEFIELD, W. Va., March 9.—One man was killed, four probably fatally injured and another seriously hurt near here on the Norfolk & Western railroad by the explosion of dynamite which had been placed near a fire to thaw out. The dead man, whose name has not been learned, was literally blown apart by the men. The men fatally injured are John Sinclair, Noah Connor, Jas. Hunt and Wesley Blankenship. Their homes are at Oakvale.

Fortune Teller Strangled to Death.

LOSOS, March 9.—A sensational murder came to light in the west end Wednesday with the body of a Mrs. Reberle, a fortune teller, was found in her room bound with ropes. The woman had been strangled in a shocking manner. She had been dead four days when found, and her room had been searched. Mrs. Reberle's husband, who has been missing for several days, is suspected of the crime.

Twelve Seamen Drowned.

NORFOLK, Va., March 9.—News of a catastrophe in which 12 lives were lost was brought to this city Wednesday night by the steamer Virginia, which began firing at home. At the first shot a volley was poured into the disappearing train by the citizens and militia. Unfortunately George Agee, a trainman, was shot in the abdomen and fatally wounded and one Negro was clipped on the shoulder by a bullet.

Adm. Hereford Predicts War.

LOSOS, March 9.—Re. Adm. Lord Charles Hereford, who has just returned from China, in the course of an interview Wednesday said that there will be war unless the "open door" policy is adhered to, and he asserted that American trade in China is progressing by leaps and bounds, proportionately much faster than that of Great Britain.

A CRUSHING BLOW

Big Defeat is Awaiting the Filipino Insurgents at the City of Manila.

THAT IS THE BELIEF AT WASHINGTON.

Gen. Otis Will Soon Be in Command of an Army of Nearly Thirty Thousand Men.

He Will Then Force the Fighting to an Issue—One Crushing Blow Will End the Struggle—Transports That Will Soon Be on the Way.

WASHINGTON, March 9.—Much confidence is expressed by officials here that one more big defeat will sufficiently impress the insurgents with the over-whelming power and superior fighting qualities of the American troops that they will offer little or no further resistance.

The transport Grant, with more than a regiment on board, will reach Manila in a few days. The Sherman is following close behind her and the Sheridan probably has a voyage of three weeks yet before her. With these reinforcements Gen. Otis' force will be augmented to the extent of four full regiments of seasoned regulars, with a numerical strength of about 3,000 officers and men.

This will give Gen. Otis an army of nearly 30,000, in the belief of officers of the army, will be quite sufficient to cope with any contingencies and to make a successful onslaught on the Filipinos all along the line. The following transports, with their

MASKED MEN'S DEED.

Five Prisoners Taken to a Stone Quarry, Stripped, Whipped and Admonished to Leave the Country.

MISSOURI CITY, Mo., March 9.—Wednesday morning 60 masked men battered down the jail door and seized Old Sumners, who was locked up on the charge of vagrancy. They took him to the public school grounds, stripped him, tied him to a tree and lashed him 40 times with a twisted grass rope. He was then released and warned to leave Clay county and never return.

The mob afterward secured Jim Jackson, Jesse Yates, Jr., Joe Ashbury, Dennis Stevens and Ben Monks. The five prisoners were taken to a stone quarry, stripped, whipped and admonished to leave Clay county. The victims declare that they don't know why they were punished.
